"Zeb" Milan Signs at Increased Terms for One Year---Squad Leaves Tomorrow

ONE-YEAR CONTRACT

Griff Wants to Give Him Raise Next Year, If He Makes Good This Season.

WALTER JOHNSON IS HERE

Says Griffmen Are Sure to Miss Bob Groom When Hard Campaign Is On.

By LOUIS A. DOUGHER.

Jesse Clyde Milan, leading base stealer of the big leagues, signed a one-year contract with the Griffmen today, receiving a sizable increase in the figures. It took him but ten minutes to make up his mind, and then he wrote his name to the papers! binding him to the Washington club.

"Why didn't you try to hook him up for more than a year?" Manager Griffith was asked. "The Federals will be after him next year."

"Well, I wanted him only for one year at the terms he accepted. Perhaps next year he'll be worth a lot more. If we win the pennant, it'll be better for a player to have a oneyear contract, won't it? Then he can get a good raise. I'm going to treat my men with all justice, and I consider it better to have Milan in line for one year only-better for himself, I mean."

Milan called upon his manager in company with his old "roomie," Waiter Johnson, the smokeball flinger. Both looked as if they had treated themselves well during the off season. It goes without argument that the Old Fox was pleased his standbys looking so well.

"You fellows look ready right now," aughed Griff.

That's what we are, was the reply-Milan was tendered a flattering offer from the Federal League a month or so ago, but he didn't consider it for a mo-ment. He knew he would receive fair reatment from Manager Grittith. And

"I didn't pay much attent on to the Federais," explained "Zeb" today. They merely assed me what I wanted to jump the Washington cub, naming no figures themselves. So I didn't even reply. I've always been treated were been and have no view coming. here, and I've no kick coming.

for the return of the Griffmen from Charlottesville, Manager Griffith visited the ball park today, routing out 'Red' O'Day and setting him to work on the grounds. He found the park in fine condition, considering the event weather, and didn't hesitate to say that much of the team's conditioning would be done at Florida avenue.
"Charlotteswile has been sumped pretty hard," said the Old Fox, "and we may be delayed quite a lift down therethis spring. However, if the aim comes to stay, I think Lambeth Field will be in shape inside of two days. But the weather this spring is so bad that I can't bank on that. By "BUGS" BAER.

CHARLOTTESVILLE, Va., March 4.-Nothing much doing here vester-Jee Gedeon blew into town twice in one day, something which only Joe Gedeon would be able to do and get away with. He came through at 4 in the morning on the way from New Orleans, took cre lamp at the inky darkness where Charlottesville is supposed to be when it is light enough to see it, and plunged head first back into his berth again, continuing up to Washington, talked to Griff over the one telephone wire which escaped the storm, and came back to Charlottesville on the next rattler. "I wasn't gonna get off any train at 1 in the morning," said Joe; "not this bird. I'm no owl."

Carl Cashion and Joe Engel pulled a new one today. They had a Stray dog retrieving all their wild pitches, and, needless to say, that poor pup was kept busy. The lads came through with the alibi that they tossed 'em wide just to see the re-triever retrieve 'em. Any time you corrai those sparrows without on answer, there is a trick in it.

It is the custom in this neck of the woods in the moving pictures to leat on the floor with your feet when on the floor with your feet when an impediment in the film arouses your chagrin, the uproar putting the operator hep to the fact that something is wrong, but the custom received a serious setback the other evening. Dick Williams, Mumtors, Bentley, Harper, and the rest of the six-footers wised up to the habit and kicked about fourteen rows of seats and their inhabitants toto splinters, and now the proprietors of the movies furnish sponges and sort pieces of chamois to anyone desiring to create an uproar when par-ticularly displeased.

Today's the last day the youngsters will have to themselves. Most of the boys were lured into lurid posters announcing the appearance of the only University Quartet, singing the latest ragtime songs in the "closest harmony." Imagine the forror and peevishness of the lads who had dragged themselves away from a diffic to see one lone singer make his appearance, justead of four times as many. 'Take 'im out' Warm up another quartet'. That ain't be quartet, that's only a half bintet! Ohmne me dime back!" were some of the remarks which greeted the sol'tary singer. Merito Ac sia and Jack Bentley, who has a fine baritone voice, were really disapointed at the delinquency of the absconding quartet. The others recovered, after fervently swearing off quartets for life.

However, attracted by a "country store," the fall guys were right back again last night, and had a better acam last fight, and had a better reception. Yankee Manager Thinks He Will Have Stronger Team for This Year's Race.

By FRANK CHANCE.

LOS ANGELES, Cal., March 4.-The Federal League has been doing its best to injure my club, but I think we will be a great deal stronger this year than last. Thirty-five players will be in the spring training camp. Fifteen are recruits, but I have a number of veterars as a nucleus.

I expect quite a bit from two recruits from the Texas League. One is Dode Criss, who did wonderful work in the Texas League, winning twenty of his last twenty-four games. He is a hard hitter, and it is my intention to make a pinch hitter out of him.

I will try to develop a second baseman, but I guess that Hartzell will start the season. Williams will cover first, Peckinpaugh short, and Maisel third base. Zeider's jump to the Federals spoiled some of my plans. As for Ford, I was glad to see him go. I expect to do better than last year. Federal League has been doing its best
